EDUCATION

BSc Applied Computing Technology
United States International University
Nairobi, Kenya
2020 - 2024

WORK EXPERIENCE

- Software Engineer | QPID Technologies
Nairobi, Kenya Jan 2020 - Oct 2024
 - Developing an events ticket booking Single-Page-App (SPA) using React and Firebase. I consolidated the web and mobile app's database to enhance user experience across multiple platforms.
 - Collaborated with other company developers to launch a robust upgrade version of the company's Mobile app, said to improve user experience and resulting in strongly projected company revenue increase over the next few months.
 - Part of a team that implemented a robust and secure electronic payment system for the events ticketing web app.
 - Enhanced both the web and mobile the application's features to effectively fix the bugs and optimize the overall performance, reliability, and efficiency.

● Adminstrative Assistant | Kisumu City Poultry Enterprise

Kisumu, Kenya

Jan 2018 - Dec 2019

- Managed day-to-day office activities, including scheduling appointments, organizing meetings, and maintaining an efficient workflow.
- Ensured the accuracy and integrity of company data by organizing and updating information in the database.
- Conducted research and prepared reports for management, providing valuable insights and data-driven recommendations to enhance operational efficiency.
- Assisted in financial record-keeping, including invoicing, expense tracking, and payroll administration.
- Handled office correspondence, both physical and electronic, ensuring effective communication with internal and external stakeholders.
